

Great Dunmow Maltings preservation Trust

Pricing and conditions

This historic 16th century Maltings building is available for hire 7 days a week. It was used as a working maltings until 1948 after which it was allowed to stand empty until a Trust was set up in the 1990's to restore and bring back as a working building with the aid of English Heritage, Uttlesford DC, and lottery grant funding. It opened in it's current form in 2000 and is now regularly used for lifestyle classes and individual bookings for celebrations and special events. It also houses Dunmow Museum which is open from 11-4pm each Saturday and Sunday

The nature of the building being 500 years old and the garden grounds make it special for those wanting somewhere different with some character.

opening times

9am - 11pm weekdays and weekends

charges

£20 per hour 9am -6pm

£25 per hour 6pm-11pm and weekends.

Discounted charges for multiple hiring are available on request including community use.

conditions

Maximum of 60 people

Cups, saucers and tea plates/urn for hot water, kettle, teapot available - bring your own beverages

Screen, projector and PA system available on request

The premises are not suitable for any amplified disco type music or serious dancing.

Premises to be vacated by 11pm and music cease by 10.30

Hirers are asked to abide by full terms and conditions which includes the removal of all rubbish from site.

Tables and chairs for 60 people are available within the hire charge. Hirers are expected to set up their own rooms and store at the end although for a additional charge of £25 this can be done for them.

We do not hold a premises licence - if the event is open to the public and it is intended to sell alcohol or any form of public entertainment then a (TEN) must be applied for.

No parking available on site - a public pay and display car park is adjacent with no charges in the evenings or on Sundays or Bank Holidays. Contact
